Ref: LPCB Project E123297

Approval of IRIS Analogue Addressable CIE to EN 54-2:1997 + A1, EN 54-4:1997 + A1:2002 + A2:2006 & EN 50130-4:2011

Dear Ms. Dancheva,

This letter is intended as confirmation of the testing & certification procedure is currently in process as listed below against EN 54-2:1997 + A1, EN 54-4:1997 + A1:2002 + A2:2006 & EN 50130-4:2011.

Model Name	Descriptions	Standards
IRIS (1-4)	1-4 loop Intelligent analogue addressable interactive control and indicating equipment	EN 54-2:1997 + A1 and EN 54-4 + A1 & A2 and EN 50130-4:2011
IRIS (0)	Repeater panel for the 1-4 loop Intelligent analogue addressable interactive control and indicating equipment	EN 54-4+ A1 & A2

It should be noted that the IRIS control panel is currently in the laboratory and the project documentation has yet to be reviewed and accepted by LPCB as part of the certification process prior to the issuing of certificates.

Yours sincerely

Graham Dyke
